

30-2138: Anti-CD165 Monoclonal Antibody (Clone:SN2)-PE Conjugated

Clonality : Monoclonal
Clone Name : SN2
Application : FACS, IP, WB, IHC-Fr, ICC
Reactivity : Human
Conjugate : PE
Isotype : Mouse IgG1
Immunogen Information : CD165 purified from human Molt-4 cell line

Description

CD165 is a poorly characterized transmembrane protein highly expressed on platelets and many leukemic T cell lines. At lower level it is expressed on a proportion of circulating T cells and monocytes, on thymic epithelium, fibroblasts, epidermal keratinocytes, pancreatic islet cells, and some neurons. It might have a role in adhesion between thymocytes and thymic epithelial cells and it can be used as a marker for tumor progression.

Product Info

Amount : 100 tests
Storage condition : Store in the dark at 2-8°C. Do not freeze. Avoid prolonged exposure to light.
