

36-1046: Monoclonal Antibody to Chromogranin A / CHGA (Neuroendocrine Marker)(Clone : CGA/414)(Discontinued)

Clonality :	Monoclonal
Clone Name :	CGA/414
Application :	FACS,IF,IHC
Reactivity :	Human
Gene :	CHGA
Gene ID :	1113
Uniprot ID :	P10645
Format :	Purified
Alternative Name :	CHGA
Isotype :	Mouse IgG1 Kappa
Immunogen Information :	Recombinant human chromogranin A protein

Description

Chromogranin A is present in neuroendocrine cells throughout the body, including the neuroendocrine cells of the large and small intestine, adrenal medulla and pancreatic islets. It is an excellent marker for carcinoid tumors, pheochromocytomas, paragangliomas, and other neuroendocrine tumors. Co-expression of chromogranin A and neuron specific enolase (NSE) is common in neuroendocrine neoplasms. Reportedly, co-expression of certain keratins and chromogranin indicates neuroendocrine lineage. The presence of strong anti-chromogranin staining and absence of anti-keratin staining should raise the possibility of paraganglioma. The co-expression of chromogranin and NSE is typical of neuroendocrine neoplasms. Most pituitary adenomas and prolactinomas readily express chromogranin.

Product Info

Amount :	100 µg
Purification :	Affinity Chromatography
Content :	100 µg in 500 µl PBS containing 0.05% BSA and 0.05% sodium azide. Sodium azide is highly toxic.
Storage condition :	Store the antibody at 4°C; stable for 6 months. For long-term storage; store at -20°C. Avoid repeated freeze and thaw cycles.

Application Note

Does not react with Rat.

Flow Cytometry (0.5-1.0 µg/million cells in 0.1ml); Immunofluorescence (1-2 µg/ml); Immunohistology (Formalin-fixed) (0.5-1.0 µg/ml for 30 minutes at RT); (Staining of formalin-fixed tissues requires boiling tissue sections in 10mM Citrate buffer, pH 6.0, for 10-20 min followed by cooling at RT for 20 minutes); Optimal dilution for a specific application should be determined.

Formalin-fixed, paraffin-embedded human Pancreas stained with Chromogranin A Monoclonal Antibody (CGA/414)

Formalin-fixed, paraffin-embedded human Small Cell Lung Carcinoma stained with Chromogranin A Monoclonal Antibody (CGA/414)
